

VAPPRO 70 VCI FOAM TAPE MULTI-METALS

NATO STOCK NUMBER:

DESCRIPTION

Vapro 70 VCI Foam Tape is gray polyurethane foam impregnated with vapour corrosion inhibitor.

It is designed for protection of ferrous and non-ferrous metals against corrosion in long and narrow enclosures.

Vapro 70 comes with a self-adhesive backing and provides up to 2 years of continuous protection for ferrous and non-ferrous metals.

FEATURES & BENEFITS

- Vapour-phase inhibiting actions protects inaccessible and recessed surfaces
- No spraying, wiping, dipping or surface preparation required.
- Protected equipment can be used immediately
- Adhesive backing allows fast, no-tool installation
- VCI film is self-replenishing to provide continuous protection if film is disturbed by opening the package
- No degreasing or cleaning is required prior to product use
- Easily cut to length for the amount of protection required for various size enclosures
- No regeneration required, effective for up to 24 months
- Interiors of lighting fixtures
- Long tubular products, pipe and vessels
- Completed assemblies, parts and components
- Electrical and electronic equipment and controls
- Marine and commercial electronic equipment
- Interiors of fuse boxes, conduits and wire ways
- Motors and mechanical controls
- Tools and spare parts

APPLICATIONS

Vapro 70 is designed to protect products, components, or parts when enclosed in non-ventilated housings, control boxes, or other enclosures. It protects metal parts packaged in cardboard, plastic wrap or bags or metal or wood containers.

DIRECTIONS FOR USE

Cut tape to length required for your application. Simply peel off the paper release backing and mount tape inside the enclosed space. The surface should be dry. The adhesive is designed to adhere to uneven and rough surfaces. When mounting is not required, the tape may be inserted in a box, bag, or container with the paper backing left on the tape.

SPECIFICATIONS

Color
Gray

Form
Polyurethane foam

Size
6' x 2' x 1/4' (Length x Width x Thickness)

AVAILABLE PACKAGING
